

THANK YOU

for growing **God's Kingdom**
in the Kingdom of Eswatini

2025 Eswatini Partnership Impact Report

For nearly three decades, the **Swazi Partnership** has witnessed God's faithfulness through tent revivals, discipleship, church planting, and compassionate **ministry across Eswatini**. Your generosity continues to help local churches flourish, strengthening leaders, expanding outreach, and meeting tangible, human needs in Jesus' name.

Together, we're growing God's kingdom in the Kingdom of Eswatini.

Philanthropic support is critical to continuing to see the Gospel go forth in Eswatini. Donor funds help move the Kingdom forward, ensuring that the Eswatini Partnership can provide the resources and support that churches & communities need to thrive.

5+ tent revivals across
4 regions reaching
**400+ adults &
children** in 2025

**45+ pastors and
leaders** equipped
through teaching &
mentoring in 2025

20+ food parcels
delivered providing
essential nourishment
in 2025

22 local churches
supported serving
communities across
the Kingdom in 2025

I would like to pass my sincere gratitude to all the Baptist members back in the US for their continued support in bringing teams to evangelize in our community in Vovovo. The US-Swaziland partnership has been of great importance in our church. Through the mission trips, camps and revivals we have seen an increased number of members, and the teachings are very helpful. We have benefited a lot from this partnership through the equipping of pastors, the community outreach, the feeling during the hard times of the Covid-19 and during our revivals and camps. We are praying for a continued support and for more teams to come. This partnership is all a blessing to us. To God be all the glory.

Nizio Mahlangu
Pastor, Vovovo Baptist Church

SPOTLIGHT | Pastor's Conference | February 2025

This year, pastors and ministry leaders from across Eswatini gathered for a weekend of worship, teaching, and relationship-building at the Swazi Pastor-Leader Conference. The goal was simple and vital: **strengthen those who shepherd God's people.**

Over three days, leaders engaged biblical teaching on pastoral calling, church leadership, and practical ministry needs such as ordination, baptism, and outreach. They prayed together, shared challenges, and encouraged one another toward unified mission in their communities.

Healthy pastors lead healthy churches and thanks to your generous financial support, we are equipping pastoral leaders who will **plant, care for, and multiply Gospel ministry** throughout Eswatini for many years to come.

LASTING LEGACY | From Revival to Renewal

When Douglas and Simphiwe Mavuso first walked into a tent revival years ago, they encountered **the hope of Christ** in a way that changed their family's story forever. As they grew in faith and leadership, they passed that same hope on to their eldest son, Fezo.

Through encouragement and educational support from the Swazi Partnership, Fezo pursued his calling, and today he is studying to become a medical doctor at the **University of Cape Town**, one of the leading medical universities in Africa.

Fezo's dream is not to leave Eswatini, but to return home and serve his own people by meeting real physical needs while **pointing to the Healer**. His journey is a reminder: **when God transforms one life, generations flourish.**

After spending two weeks with the Swazi Partnership in Eswatini, the aroma of Christ continues to linger all of these months later. The people of God in Swaziland worship in Spirit and Truth. I saw their lack of material things, and the abundance of joy outweighed it. I went to teach, but they became my teacher. I went to give, but they poured out more than I ever offered.
